INVITATION FOR BIDS (IFB)

Bid Identification No. _____ of Block Development Officer, Jashipur

01. The Block Development Officer, Jashipur on behalf of Government of Odisha invites percentage rates bids for the construction of works as detailed below from Contractors registered with the state Government for which agreement is to be drawn up in the P.W.D. F-2 Forms. The bidders will submit bids for the following works.

Sl No.	Name of the work	Value of works Rs. (Approximately)	Bid security EMD 1 % (In Rs.)	Cost of tender paper including GST in Rs.)	Period of completion	Class of Contractor
1	2	3	4	5	6	7
1	Construction of mini stadium at Rahanda under Jamukeswar G.P of Jashipur Block	21,18,215.00	21,200.00	6000.00	6 (six) Calendar Month	C & B

02. Bid documents consisting of plans, specifications, the schedule of quantities and the set of terms and of contract and other necessary documents can be seen in the office of the undersigned during office hours every day except Sunday and public Holidays till last date of sale and receipt of tender papers. Interested bidders may obtain further information at the same address.

03. The bid documents can be obtained from the office of the undersigned from Dt 01.06.2018 to Dt 11.06.2018 during office hour i.e 8.00 AM to 01.00PM and on Dt 11.06.2018 the bid document will be available till 1.00 PM. Payment of cost on bid documents either in shape of cash or demand draft (non-refundable), issued from any Nationalized bank drawn in favour of the Block development Officer, Jashipur payable at Bank of India, Jashipur Branch shall be deposited.

04. The sealed bid documents are to be submitted in sealed cover and shall contain signed DTCN, attested copy of registration certificate, PAN card, valid GST clearance certificate and affidavit regarding authentication of documents, no relation certificate, documents required as per the relevant clauses of the DTCN and special condition if any required amount of EMD in shape of NSC/KVP/POTD/Bank deposit receipt of any nationalized Bank duly pledged in favour of the Block Development Officer, Jashipur Block without which bid will not be considered. The sealed bid documents will be received from 01.06.2018 to dt 11.06.2018 up to 1.00 PM in specified Tender Box kept in the office of the undersigned. The tenderers can also send their tender paper through Registered Post/Speed Post only to Block Development Officer, Jashipur Block, Dist-Mayurbhanj. Such bids must be received on or before stipulated date and time as mentioned above. The bids received late will not be accepted. The authority will not be held responsible for the postal delay if any or non-receipt of the tender document. The bidders are not required to write their name on the outer cover of the bid but they are required to write the name of the work with name of office from which bid documents were issued.

05. The Engineer Contractor desires of having EMD exemption benefit must have to produce an affidavit to the effect that they have not availed such exemption for more than three times during this financial year.

Also the engineer contractor has to produce his/her Original License at the time of opening of tender so that the tender opening authority will enter the exemption of EMD in his/her License failing which tender shall be liable for rejection.

06. ADDITIONAL PERFORMANCE SECURITY shall be deposited by the successfully bidder when the bid amount is seriously unbalanced i.e. less than the estimated cost by more than 10%. In such an event the successful bidder will deposit the additional performance security to the extent of the differential cost of the bid amount and 90% of the estimated cost in shape of P.O.S.B. A/c /P.O.T.D./N.S.C./K.V.P./ Deposit receipt of Scheduled Bank duly pledged in favour of the B.D.O Jashipur.

07. The rates should be Quoted in terms of Percentage less or excess on the overall cost of the work both in words & figures in details. The contractor will write percentage less or excess up to one decimal point.

[Signature]
 Block Development Officer
 Jashipur Block

only. In case of discrepancy in rates between words & figures, the rate quoted in words will prevail. The tender should be written legibly.

8. The tenderer are required to submit the Experience certificate on construction of Buildings & culverts of last 3yrs along with Tender Papers.
9. All the bids received by this office will be opened on dt.12.06.18 at 1.00 PM in the office of the undersigned, in the presence of the tenderers or their authorized representatives having written authorization for the purpose before the undersigned. If the office happens to be closed on the date of receipt / opening of the bids as specified the bid will be received / opened on the next working day at the same time and venue.
10. Other details can be seen in the bidding documents. The bid should be dully filled and signed by the tenderer.
11. The authority reserves the right to reject any or all the bids without assigning any reason thereof.
12. The work should be completed within the stipulated period of completion and in no case the extension will be allowed except the reason not attributable to contractors.
13. In order to ensure that the envelopes are properly sealed, the contractors can seal them with superglue and also add tamperproof tapes as additional precaution. The tender submitted in the wrong box shall not be taken in to consideration.
14. All the tenders received will remain valid for a period of ninety days from the date of receipt of tenders. Validity of tenders can also be extended if agreed to by the tenderer in writing to the competent authority and on acceptance by the department.
15. The tenderer shall carefully study the drawing and specifications applicable to the contract and all the documents which form part of the agreement to be entered into, by the accepted tenderer and detailed specifications for Orissa and other relevant specifications and drawings. Complaints at a later date, that plans and specifications have not been seen or misjudged cannot be entertained.
16. Every tenderer is expected to inspect the site of the proposed work before quoting his rates. He should also inspect the quarries and satisfy himself about the quality and availability of materials. In every case the materials must comply with the relevant specification. Complaints at a later date on any account cannot be entertained.
17. The tender may not, at the discretion of the competent authority, be considered unless accompanied by attested true copies of the income tax clearance, sales tax clearance/ Non-assessment certificate, Pan Card etc as the case may be and the original certificates are to be produced before the Block Development Officer, Jashipur whenever required.
18. The bidder should produce the original documents such as VAT Clearance Certificate, PAN Card, Caste Certificate, Contractor license etc. before the committee at the time of opening of tender.

Contractor

Block Development officer
Jashipur Block

19. The tender containing extraneous conditions not covered by the tender notice (DTCN) are liable for rejection and quotations should be strictly in accordance with the items mentioned in the tender call notice. Any change in the wording will not be accepted.
20. Letters etc. found in the tender box raising or lowering the rates of dealing with any point in connection with the tender will not be considered.
21. A schedule of quantity accompanies the tender notice. It shall be definitely understood that the Government does not accept and responsibility for the correctness or completeness of this schedule and that this schedule is liable for alterations or omissions, deduction or addition as set forth in the conditions of contract. Such omission, deduction, addition and alternations shall in no way invalidate the contract and no extra monetary compensations will be entertained. In the event of doubt as to the correctness of the schedule the tenderers is to invite attention of the Engineer-in-Charge before submitting tender. The decisions of the Engineer-in-Charge is final.
22. The tender will be opened by the B.D.O. JASHIPUR or his authorize representative in his office room at 1:00 P.M. on _____ in the presence of the tenderers and their authorized representatives.
23. The earnest money will be retained in the case of successful tenderer and will be dealt with as provided in the contract form. The earnest money will be refundable to the unsuccessful tenderers on application after intimation is sent for rejection of their tenders and will not carry any interest.
24. The tenderers whose tender is selected for acceptance and who has no fixed deposit with the Government of Orissa shall within a period of seven days upon written intimation being given to him of acceptance of his tender, make an initial security deposit in the form of bank draft in favour of B.D.O., JASHIPUR and in no other form which including the amount already deposited as earnest money shall be 2% of the value of the tendered amount and sign the agreement in the PWD Form No. F-2 (Schedule XIV. 61) for the fulfillment of the contract in the office of the Panchayat Samiti, Jashipur or as directed. This security deposit together with the earnest money and the amount withheld according to the provisions of F-2 agreement shall be retained as security for the due fulfillment of this contract. Failure to enter into the required agreement and to make the security deposits as above shall entail for forfeiture of the earnest money. No tender shall be finally accepted until the required amount of security money is deposited. The written agreement to be entered into between the contractor and the Government shall be the foundation of the rights of both the contractors and the Government, the contract shall be deemed to be incomplete until the agreement has first been signed by the Government. The security will be refunded six months after completion of the work and payment of the final bill and will not carry any interest. The earnest money of the unsuccessful tenderers will be refunded on application after the tender finally accepted or ninety days which ever is earlier.
25. That for the purpose of jurisdiction in the event of dispute if any, the contract would be deemed to have been entered into within the State of Orissa and it is agreed that neither party to the contract nor the agreement will be competent to bring suit, in regard to the matter covered in this contract at any place outside the state of Orissa.
26. The contract would be liable to fully indemnify the department for payment of compensation under the Workman Compensation Act VIII of 1923 on account of the workman employment by the contractor and full amount of compensation paid will be recovered from the contractor.
27. The tenderers are required to abide by the fare wage clause as introduced by the Government of Orissa Works Department letter No. GA. VIII-R. 18.52.25 dated 26.02.51 and No. 11.M.56/61-28842(5) dated 27.09.61.

Contractor

Block Development Officer
Jashipur

28. The tenderer shall bear the cost of various incidental sundries and contingencies necessitated by the work falling within the following or similar category.
- (a) Rent, royalties and other charges of materials, VAT all other taxes including Sales tax, ferry tolls, conveyance charges and other cost on account of land, building, including temporary building required by the tenderer for collection of materials, storage, housing of staff or other purpose of the work. No rent will however be payable to Government for temporary occupation of the land owned by Government at the site of the work.
 - (b) Labour camps or huts necessary to a suitable scale including conservancies and sanitary arrangements to the satisfaction of the local health authorities.
 - (c) Suitable water supply including pipe water supply where available for the staff and labour as well for the work.
 - (d) Fees and dues levied by the Municipal Canal or Water Supplies Authorities.
 - (e) Suitable equipments and wearing apparatus for the labourers engaged in the risky operation.
 - (f) Suitable fencing barriers, signals including paraffin and electric signals where necessary at work and approaches in order to protect the public and employees from incidents.
 - (g) Compensation including cost of any suit for injuries to persons or property due to neglect of any measure or caution, also some of which may become payable due to operation of the Workman Compensation Act.
 - (h) The contractor had to arrange adequate lighting arrangements for night work wherever necessary at his own cost.
29. No payment will be made for benchmarks level pillars, profiles and benching and leveling the ground if required. The rate to be quoted shall be of finished items or works inclusive of carriage of all materials and all incidental item of work.
30. After the work is finished all surplus materials should be removed from the site of the work. Preliminary work such as mixing platform, vats etc. should be dismantled and all materials removed from the site and premises left neat and clean and this should be inclusive in the rates.
31. It should be understood clearly that no claims whatsoever will be entertained in regard to extra items of work or extra quantity of any items besides estimated (as provided in the Agreement) quantity & amount unless written order is obtained from the BDO, Jashipur & rates settled as per clause 11 of F-2 contract before the extra item of works or extra quantity of any item of work is taken up.
32. The tenderers shall have to abide by the C.P.W.D. Safety Code Rules introduced by the Government of India, Ministry of Works, Housing & Supply in their Standing Order No. 44150 dated 25.11.57 which can be seen in the office of the undersigned on working days during office hours.
33. No part of the contract shall be sub-let without written permission of the Block Development Officer, Jashipur or transferred be made by power of attorney authorizing others to received payment on the contractor behalf.
34. Further necessary information as required by the Block Development Officer, Jashipur will be furnished as such. But it must be clearly understood that tenders must be submitted in order and according to instructions.
35. The contractors shall have to furnish along with the tender to the effect that he is not related to any officer of Jashipur Block of the rank of Assistant Engineer and above and any officer of the rank of Under Secretary and above of the PR Department.
36. Each tenderer must submit along with the tender in note regarding his previous experience on construction of work. The following details must be given in a proforma.
- (a) Particulars of work already executed.
 - (b) Approximate amount of each work.

Contractor

Block Development Officer
Jashipur

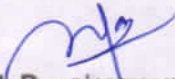

- (c) Name of the department under which the work is executed.
 (d) Period of commencement and period of completion.
 (e) Whether the works were completed within the stipulated period.
 (f) Other details if any.
37. Tenderers are required to go through each clause of PWD Form F-2 carefully in addition to the clauses mentioned herein before tendering.
38. All reinforced cement concrete works should conform to Orissa Detailed Standard specification, I.R.C. and S.I. Codes and Bridges Code sections I, II, III, and IV and VII & latest design criteria for prestressed concrete bridges specifically for road and bridges issued by M.O.S.T. Govt. of India.
39. Shuttering and centering shall be with iron plasters & angle. The inside of which shall be lined with suitable sheeting and made leak-proof and water tight or alternatively steel shuttering and centering may be used.
40. The department will have the right to inspect the scaffolding centering and shuttering made for the work and reject partly or fully such structures if found defective in their opinion.
41. Concrete should be machine mixed unless other wise ordered in written by the Block Development Officer, Jashipur. The contractor should arrange his own concrete mixture, vibrator, pump etc. for this purpose at his own cost.
42. The department will have the right to supply at any time in the interest of the work any departmental materials to be used in the work and the contractor shall use such materials without any controversy on that account. The rates of issue of such materials will be at the stock issue rates inclusive of storage charges or rate fixed by the department or current schedule of rate which ever is higher.
43. The contractor should at his own cost arrange necessary tools and plants required for the efficient execution of works and the rate quoted should be inclusive of the running charges of such plant and cost of consumable.
44. After completion of the work the contractor shall arrange at his own cost all the requisite equipments for testing of the structure and bear the entire cost of the test.
45. Empty gunny bags to be returned in good and serviceable condition failing which Rs. 3.55 (Rupees Three & Fifty Five Paisa) only will be recovered per bag from the contractor.
46. Measurement of earth work in road embankment will be done by the Section Measurement after the earth is well consolidated after rolling with hand or power road roller, sheep foot roller and no extra payment will be made for the jungle clearance for taking earth from the borrow area. Earthwork from cutting will be economically utilized in filling areas.
47. The stacks of road metal and graveled will be measured in boxes of 1.5m X 1.5m X 0.5m which will be taken as 1.5m X 1.5m X 0.44m = 1 Cum. The soling stone or stones for revetment and pitching will be pre-measured in suitable stacks with deduction of voids @ 1/6th of volume or more depending upon the looseness of stacking which should be determined on actual observation by the Engineer-in-Charge and deducted.
48. No machineries will be supplied by the department. If any machine required the same may be hired by the contractor at his own cost.

Contractor

 Block Development Officer
 Jashipur

49. The tenderers should furnish along with their tender a list of work, which are at present in their hand in details in form of a statement as indicated below. The tender is liable for rejection if incorrect or wrong information are furnished in the aforesaid statement.
- Serial Number.
 - Particulars of works now in hand.
 - Amount of each work.
 - Period in which the work is stipulated to be completed (in month)
 - Approximate value of work done against each work on the date of submission of tender paper.
 - The department under which the work is being taken up.
50. Sinking of wells shall be measured from bottom of well cap to bottom of cutting edge.
51. The depth of foundation indicated on the drawing are provisional but these may be altered if necessary in the light of the nature of strata indicated by boring which must be taken in advance of the actual execution of the foundation.
52. It should be clearly understood that: -
- The joints of the bars are to be provided with laps, welding s or bolts and nuts as will be directed by the Engineer-in-charge
 - Concrete test specimens 150mm x 150mm x 150mm in size (whether plain or reinforced concrete) for the testing shall be taken for each structural member by a representative of the contractor in the presence of a responsible officer of the rank not lower than that of an Asst. Engineer or Sub-Divisional Officer. The contractor shall bear the cost so involved in testing. The test specimen in cube tests should be carried out in the departmental control and Research Laboratory of Cuttack/Bhubaneswar. Test should be carried out in accordance with the stipulation in bridges code section - III.
 - Test specimens shall be formed carefully in accordance with the standard method of taking test specimen and no plea shall be entertained later, on the grounds that the casting of the specimen was faulty and that result of the test specimen did not give a correct indication of the actual quality of concrete.
 - Plain concrete and reinforced concrete specimens will be tested in government test houses at Alipore or Control and Research Laboratory at Bhubaneswar, cost of testing all specimen and samples shall be borne by the contractor.
 - The construction of well steining by injecting cement or grout in coarse aggregate placed in position shall not be permitted.
53. Concrete of strength below 85% of the required strength (as determined by the actual test) shall not be accepted.
54. No claim for carriage of water whatsoever will be entertained.
55. List of tools and plants in working order and in possession of the contractor is to be furnished while submitting the tender.
56. It is the responsibility of the contractor to procure and store explosives required for blasting. Department may render necessary possible help for procuring explosive license.
57. No compensation for any damage by rains or similar action during the execution of the work will be paid.
58. The work allotted to a contractor may be spelt up and distributed among several contractors if considered necessary due to emergent circumstances of the work and the contractor is not entitled to any compensation on this account.

Contractor

Block Development Officer
Jashipur

59. 2% of gross amount of the bill will be deducted towards Income Tax.
60. The work should be executed as per the Orissa Detail Standard Specification or IRC specification whichever is applicable.
61. Dewatering from the foundation for bridges, culverts, buildings etc. and watering for consolidation in road wherever necessary during execution will have to be done by the contractor and no extra payment will be made on that account.
62. All roads haulage or service roads, quarry approach roads etc. required for collection of materials by the contractor in connection with the work should be prepared and maintained by the contractor for which no extra payment will be made.
63. Any jungle clearance needed for borrowing earth beyond the toe of the embankment or beyond the excavation limit will be done by the contractor at his own cost.
64. Earthwork beyond the given designed section will not be paid for.
65. If there will be delay in acquisition of land no compensation claim on that account will be entertained but extension of time may be granted if considered reasonable.
66. No extra cost for plastering to beams, slabs or desk, or wall or other RCC works will be paid for rendering the exposed surface smooth.
67. When any item of work not specifically covered by any accepted tender, contract is to be executed should be taken up departmentally through job or piece work or nominal muster roll at the prevailing schedule of rate or at the rates approved by competent authority unless there is a record in writing that the contractor refused such item of work at the prevailing schedule of rates or at rates approved by the competent authority.
68. Under no circumstances interest is chargeable for the dues or additional dues if any payable for the work.
69. Under section 12 of the Contract Labour (Regulation and Abolition Act 1970) the contractor who undertake execution of work through labour should have valid licence from Licensing Authority of Labour Department.
70. The contractor shall supply samples of all materials fully before procurement for the work for testing and acceptance as may be required by the Engineer-in-charge.
71. From the commencement of the works to the completion of the same they are to be under the contractor's charge. The contractor is to be held responsible to make good all injuries, damages and repair occasioned or rendered necessary to be same by fire or other causes and they are to hold the Govt. of Orissa harmless from any claims for injuries to person or for structural damage to property happening from any neglect, default, want or proper care or misconduct on the part of the contractor or any one in his employment during the execution of the works. Also no claim shall be entertained for loss due to earthquake, flood, cyclone, epidemic or any other calamity and damage so caused will have to be made good by the contractor at his own cost.
72. Numbers of tests as specified in I.R.C. /M.O.S.T./I.S.I. specification required for the construction of roads/bridges/buildings or any structural works will be conducted in any Govt. Test House/Departmental Laboratories/Reputed material test laboratory as to be decided by the Engineer-in-charge. Testing charges, including expenditure for collection/transportation of samples/specimen etc. will be borne by the contractor. The collection of samples and testing are to be conducted both

Contractor

 Block Development Officer
 Jashipur

prior to execution and during execution as may be directed by the Engineer-in-charge and on both the accounts the cost shall be borne by the contractor.

73. The earth quantity of embankment or earth dam will be calculated from cross section taking at suitable intervals as decided by the Engineer-in-Charge and deducting settlement allowances as per "Detailed Specification for Orissa". Initial level will be taken with reference to benchmark, which should be kept at site till finalization of the contract. Both the parties should sign the initial cross section papers before starting of the work.
74. Earth required for the work is to be arranged by the contractor at his own arrangement.
75. The measurement of fine dressing and trufing will be taken after full growth of turf is achieved.
76. The final measurement of earthwork will be made after one rainy season and after due settlement of earthwork. Minimum settlement allowance of 12.5% (Twelve and half percent) will be deducted in case the bill is paid before the rainy season. Higher percentage of settlement, allowance if any will be deducted on actual observation by the Engineer-in-Charge as per the quality of work and nature of the soil.
